**CENTRAL INTELLIGENCE AGENCY
OFFICE OF NATIONAL ESTIMATES**

16 June 1954

MEMORANDUM TO: O/CD

SUBJECT : Transmittal Letter for the June Revision of
the National Intelligence Digest

1. We have received a couple of complaints (from CIA people) regarding the transmittal letter for the 1 June revision of the NID. Specifically, these people felt that paragraph 2 was not clear with respect to the renumbering of the sections.

2. I think it would have been clearer if it had been done in this fashion:

"2. The pagination of II Soviet Bloc is being revised as follows:

a. Sections II-A, II-B, and II-C have been revised and combined into II-A.

b. Section II-D has been revised as II-B.

c. Therefore, will you please renumber II-E and II-F as II-C and II-D respectively."

3. I might say that your instructions were perfectly clear to me. However, I can see that to people who are unused to handling revisions of this type, it might be a little puzzling.

4. I do not think it necessary to issue any correction sheet, but I thought you would like to hear about this.
